**Port Arthur Has Fallen. Official Dispatches Yesterday Confirmed Previous Report.**

# Gainesville Daily Sun

VOL. XXI, NO. 276 GAINESVILLE, FLORIDA, TUESDAY, JANUARY 3, 1905 TEN CENTS A WEEK

## EMPEROR HONORS JAPANESE OFFICERS

### Toga Has Declined Reception Offered By Municipality.

NAVAL PLANS ARE DISCUSSED

**Togo Attends Funeral and Reads Eulogy Upon Men Who Were Killed While Serving Under Him at Port Arthur—Other Far Eastern News.**

Tokio, Dec. 31.—10 a. m.—The emperor has presented Vice Admirals Togo and Kamimura with a number of articles, including watches formerly worn by himself.

Admiral Toga declared the reception offered him by the municipality of Tokio on the ground that the time is not yet ripe for such a function. Vice Admiral Togo will devote his time while in Tokio conferring with Marquis Ito, president of the privy counsel; Admiral Yamamoto, minister of the navy; Vice Admiral Ijuni, assistant to the general staff; Rear Admiral Saitol, vice minister of marine, and other members of the imperial naval staff, upon the plans for the future conduct of naval warfare.

Vice Admiral Toga today attended the funeral of a number of officers and men who were killed at Port Arthur while serving under him. He read an eulogy upon them.

**Russian Army Comfortable.**

Mukden, Jan. 2.—Nadovitch Danchenko, who has just returned from an inspection of the quarters occupied by the Russian officers and privates at the front, says:

"One could hardly imagine a greater contrast than afforded by the hungry, tired army that settled down here after the battle of Liao Yang, and the army now resting south of Mukden. The men live in dug-outs, although some of the huts are above ground. There is little difference between the men's and the officers' quarters. Everybody is well fed and comfortable. The dug-outs are all shell-proof, and each has a stove with sleeping ledges around the sides. The men are provided with bedding, warm underwear, mostly of Chinese manufacture, and Chinese boots. Bath houses are provided. The officers and men partake of the same fare, which is distributed twice daily from the camp kitchens. A ration consists of a pound of meat and two and a half pounds of bread, with tea twice daily. There are short rations of sugar, but the shortages observable are sugar, leather and sewing materials. There is little sickness, owing to the care taken with the drinking water."

**Russian Church Dynamited.**

Berlin, Jan. 2.—A letter to the Lokal Anzeiger from Gracow describes the attack recently made with dynamite on the Russian church at Rasen, Russian Poland. The church walls and the graves were destroyed. A military force surrounded all the public buildings in the place within an hour, and the crowd, numbering 1,600 persons, gathered at the scene singing revolutionary songs. Pistols were discharged and presently a military force appeared under the command of Colonel Beltoff, who rushed in a state of intoxication from the officer's club and immediately ordered the troops to fire on the crowds. A workingman shot the colonel dead and the adjutants bayonetted the assassin and then rained blows on him with the butts of their rifles. There were ten soldiers injured. A dispatch to the Lokal Anzeiger also says that the monument to Emperor Alexander II was recently destroyed by dynamite. The police are searching the houses at night for anarchists.

**Work Starts on New City.**

Fitzgerald, Ga., Jan. 2.—Captain D. C. Welch has left for the site of the new colony, St. George, on the St. Marys river. A corps of surveyors will go next Tuesday to the site and actual work of mapping out the new city will commence. The site selected is on the Georgia Southern and Florida railroad, and the town will have the advantage of railroad facilities from the first day.

MUST ORGANIZE ASSOCIATION

**So that Ginners May Control Information as to Crop.**

Atlanta, Jan. 2.—The Georgia cotton ginners and those of neighboring states gathered in the assembly room at the Piedmont hotel Friday afternoon some fifty strong, the meeting having been called to order by President Taylor, of the Cotton Ginners' association.

President Taylor informed the gathering that there were about 30,000 ginners in the south and asserted that if they would stand together, keep their information and allow no secrets of the trade to escape, the planter and not the eastern market would, within a short time, control the price of cotton.

Touching upon the inclination or the necessity of the planter to sell his cotton at the prevailing price, he also declared that there was scarcely a planter in a state who was in any danger—hardly a planter who would have to let his accumulated bales go. He asserted that the greatest harm coming to the cotton planter was the guess work done as to the crop.

Two vice presidents were chosen from Georgia to attend the next convention of the association to be held in Dallas, Tex., unless the place of meeting should be changed, and the two vice presidents, together with those in attendance upon the meeting, to become missionaries throughout the state in behalf of the organization. The vice presidents named were Hon. Charles Moses, of Coweta, and Hon. C. A. Hartwell, of Newton.

As to the government's report on the cotton crop, President Taylor said: "The government report on the cotton crop is totally incorrect. These reports are about as far wrong as anything I know. Many ginners did not count their bales correctly, often adding many hundred bales more than they had in reality ginned. In many instances the number of bales ginned was actually guessed at. I have come to the conclusion that I and the other ginners were chumps for giving out the reports."

President Taylor left Friday night for Dallas, Tex., where there will be a meeting of the executive board Monday.

ARE AGAINST CONTRACTS.

**Fourteen Brands of Pig Iron Tenderable Against Speculation.**

London, Jan. 2.—The pig iron merchants of Great Britain have made an agreement whereby the contracts of certain specified brands of American pig iron will be tenderable against speculative contracts in the United Kingdom.

Fourteen American brands are listed, of which ten are from Alabama and four from Tennessee. The new arrangement will allow the delivery of American brands instead of British in the event of any attempt to establish a corner in the latter.

LESS COTTON TO BE RAISED.

**Farmers of Sumter County, Ga., Will Reduce Acreage.**

Americus, Ga., Jan. 2.—Farmers of Sumter county will go energetically to work next Monday morning and the New Year will dawn upon hundreds of negroes and mules in the cotton fields of Americus.

Dozens of farmers were in Americus completing purchases, supplies needed to start the plows going, and the first work day of the new year will find hundreds here at work.

Little is said yet regarding the reduced acreage another year, but is is evident that not nearly so much cotton will be planted as last year. A majority of the farmers of Sumter sold the greater portion of their crop at satisfactory prices and will, therefore, begin operations upon a cash basis.

**Fence Causes Double Tragedy.**

Ozark, Ala., Jan. 2.—A double tragedy occurred at Midland City, in the eastern part of this county Friday afternoon. Arch Pope and his brother, Jesse Pope, had a falling out over a line of fence, and the former shot and killed the latter with a pistol. After killing Arch, Pope went home and committed suicide by taking strychnine. The Popes are among the most prosperous and prominent people of southeast Alabama. Both men leave a family.

## FIRE IN CHICAGO DOES GREAT DAMAGE

### Early Morning Blaze Destroys Much Property.

ESTIMATED AT HALF A MILLION

**Explosion Hurls Firemen in Air, Tears Up Street and Sidewalk—Electric Light Wires Down—Panic on Elevated Railway.**

Chicago, Jan. 2.—Fire today destroyed the 7-story building on West Van Buren street, occupied by the Cash Buyers' Union. The loss is estimated at half a million dollars. The fire was discovered on the second floor of the building.

Spreading rapidly the fire soon assumed large proportions. Fearing that the whole district was in danger, a second alarm was sent in, closely followed by a series of extra calls for additional men and apparatus. When the fire penetrated to the adjoining building, occupied by the Zeno Manufacturing company, a 4-story structure, the firemen were ordered to the roofs of the adjoining buildings to fight the flames. Within a few minutes the flames had gutted the structure and had spread to the Boston Rubber Paint company. Then the flames spread to 160 and 162 West Van Buren street, causing heavy damage to the Peninsular Stove company, which firm occupied the seven stories.

So fierce did the blaze become that the burning sparks carried by a high gale were driven far over the district and buildings blocks away caught fire.

There was an explosion in the basement of the Cash Buyers' Union building which tore up the street and sidewalk, throwing firemen into the air and tearing live wires of the Van Buren street electric car line down. Fortunately none of the firemen was injured.

Crushing down through the frail walls of the structure adjoining, the towering walls of the Peninsular Stove company and those of the Cash Buyers' Union buildings tottered and collapsed.

A series of small explosions followed the fall of the walls. A two-story frame dwelling at 166-168 West Van Buren street, occupied as a rooming house, was crushed like a shell by the falling walls. The inmates had been awakened earlier and escaped to the street, but were unable to save any of their clothing.

The stables occupied by Fortune Bros.' Brewing company was gutted. The horses were saved.

There was a small panic on the Metropolitan elevated railroad when the motormen rushed their cars through the smoke. The passengers tried to get out but were held in check by the guards.

The windows of the residences across the street were shattered by the heat, and the chimneys were thrown down by the concussion of the explosion.

**Punishment Demanded for Chief.**

Constantinople, Jan. 2.—The American legation has sent another note to the porte pointing out that the brigands who looted a caravan belonging to the American house of MacAndrews & Forbes, of Smyrna, near Aleppo, Asiatic Turkey recently, have not been punished yet. The note demands that prompt instructions be sent to the government of Zor, the district in which the outrage was committed, to arrest and punish the followers of the notorious Kurdish chief, Ibraham Pasha, who looted the caravan.

**Bark Caught in Storm.**

Pensacola, Fla., Jan. 2.—The bark Cordelliera, Captain Carlson, from Swansea for Havana, with a cargo of coal, was towed into port with her top masts, yardarms and canvass gone, in addition to a bad leak on the port side. The bark was caught in a hurricane on Dec. 27 off Dry Tortugas and was carried off her course and lost. She ran into the hurricane when 60 miles off Havana, and ran before the storm Thursday night, when it abated the master sighted Pensacola L. He dropped anchor and waited assistance.

"HOOK" WORM KILLS ISLANDERS

**Thirty Per Cent of Deaths in Porto Rico Caused by Parasite.**

New York, Jan. 2.—A letter to the Herald from Major L. L. Seaman, who has been privately investigating conditions among the inhabitants of Porto Rico, states that the high death rate there and the anaemia condition of the rural population are due to the so-called "hook" worm, known to science as "ankylostoma duodenale," which recently was stated to be highly prevalent in the southern states and all tropical countries. When fully developed, the worm sometimes attains a length of three-quarters of an inch.

Exhaustive investigation by a medical committee show, according to Dr. Seaman, that the disease produced by the worm has caused more than 30 per cent of the deaths in Porto Rico.

The parasite is really a bloodsucker. Its development requires about two months, and its work in the intestines has been found to greatly reduce the red corpuscles of the blood. Some of the patients examined by the commission showed, under microscopic tests only 25 per cent of the normal amount. One man had only 13 per cent. The blood bore a pinkish tint, almost as light as water.

At least 90 per cent of the rural population on the island is asserted to be affected by the ravages of the parasite. Three or four doses of thymol or of beta-napthol have generally achieved the most successful treatment.

HID BODY IN THREE PLACES

**Negro Put Woman In Well, Ground and Swamp.**

Greensboro, Ga., Jan. 2.—Details of a killing that was perpetrated at Siloam, this county, last Monday night, have just been learned.

It seems that Bertha Jackson went to a negro frolic at a church near Siloam with Joe Colsby, and at this frolic the negro boy and girl had some words, but afterwards, to all appearances, the matter was smoothed over. Bertha Jackson was not to be found Tuesday or Wednesday, but relatives supposed that she and Joe Colsby had gone off somewhere together.

Thursday came, and still neither of the negroes were to be found, so foul play was suspected, and relatives of Bertha Jackson began to search for her. She was found Thursday evening about 2 miles from Siloam, dead in a swamp.

According to reports, the negro man first killed her and placed her in a well, then got her body out of the well and buried it in some woods. Not satisfied that his crime would not be detected here, he again moved the body to the swamp, where it was found. Joe Colsby has fled to parts unknown.

NEWS TERSELY TOLD.

The Shanghai customs revenue for the fiscal year amounts to over one and a half million pounds sterling.

Atlanta health officers have condemned during the year foodstuffs in pounds running into six figures.

The strike at Baku continues. The street cars have been stopped, the wires cut, and no newspapers are being published.

A new battery for the fire alarm system which has been installed in the city hall of Rome, Ga., cost the city about $700.

Macon, Ga., will have a factory for the manufacture of malted milk. The enterprise will use all of the available milk that can be sent to Macon.

The wife of John McDow, a negress living in West Rome, Ga., gave birth to triplets, all being girls. They were healthy babies and each when born weighed six pounds.

Governor Terrell has offered a reward of $50 for the arrest and conviction of Allen Young, a negro, charged with assault with intent to murder Major C. F. Putnam, in Lee county.

Edna Wallace Hopper, star of "A Country Muse," has announced her intention to donate the ground for the building of a home for newsboys in Oakland, Cal.

A bank with $25,000 capital has been organized by the business men of Bowman, 12 miles from Elberton. This will make the last chain of banks in every town between Elberton and Toccoa on the Southern railway.

## HOUSES DISAPPEAR; FARMS DESTROYED

### Great Devastation Caused By Moving Bog in Ireland.

INHABITANTS NARROWLY ESCAPE

**Everything is Covered with Water to the Depth of 10 Feet—Great Lake is Forming and Disastrous Inundation Anticipated.**

New York, Jan. 2.—Graphic details are being received of the devastation caused by a moving bog in the county of Roscommon, Ireland, says a Herald dispatch from London.

The bog, which is known as that of Cloonshiver, is 3 miles from Castlerea. When it began to slide it moved three-quarters of a mile in a few days, covering everything in its way with water to the depth of 8 or 10 feet.

According to reports from the scene the peasants are surrounded on all sides with miles of bog and water. The inhabitants of Cloonshiver, a village in the valley of about 50 one story cottages, barely escaped with their lives, the bog having moved upon them unawares.

Many of the peasants' houses have, continues the correspondent, wholly disappeared, while all that is to be seen of the others is the chimney tops. Here and there a leafless tree marks the spot from which well-tilled farms have disappeared practically forever.

At one point there is a lake of 10 or 12 acres which had been formed in the last few days by pent-up mountain streams. Unless some means is speedily adopted to drain off this water, it will undermine the entire bog and a disaster may be anticipated.

A later dispatch states that the lake is steadily extending upward toward a number of houses on the rising ground. The land attached to the holdings has already been covered over by the creeping bog.

HUSBAND SHOT BY WIFE.

**Accidental Discharge of Pistol Seriously Wounds George [illegible].**

Columbus, Ga., Jan. 2.—[illegible] William K. Schley, former representative of Chattahoochee county, is in a serious condition at his home in that county, about 10 miles from Columbus, the result of having been shot by his wife Friday morning about 6 o'clock.

Mr. Schley had been drinking, according to reports, abused and attacked his wife, advancing upon her with a chair.

The woman picked up a pistol, intending to make her husband stand back by simply exhibiting the weapon, but it was accidentally discharged, the bullet entering his left breast above the heart. His condition for several hours was desperate, but there is now thought to be a chance for recovery.

His wife is prostrated over the sad occurrence.

DEADLY DUEL IN ALABAMA.

**Girl's Jaw Broken by Stray Shot During Fight.**

Montgomery, Ala., Jan. 2.—W. H. Corput and M. L. Davis, farmers, fought a duel 8 miles out from the city Thursday night.

Both were shot with buckshot from double-barreled guns and both were desperately wounded.

A stray shot from Corput's gun hit a daughter of Davis and broke her jawbone.

Davis leased a farm from Corput which Corput wanted to sell, it is learned, and the trouble grew out of the inability to reach a settlement.

Corput shot four times and hit once. Davis brought down his man at the first shot. Details are meager, and no arrests have been made.

**No Coal Famine for South.**

Cincinnati, Jan. 2.—Over 500,000 bushels of coal reached here today from the Kanawha river. Twice as much more from the same source is coming. By tomorrow the advance of the big shipment from Pittsburg will arrive so that all danger of a coal famine in the south is removed for the present.

# REPRESENTATIVES WILL USE EFFORTS

## Will Exercise Influence in Securing Increased Money

## FOR NEW PUBLIC BUILDING

Senator Taliaferro and Congressman Davis Assure Board of Trade, Through Mr. Hampton, That They Will Work in This Direction.

The gratifying information has come from Senator Jas. P. Taliaferro and Congressman Robert W. Davis to the effect that they would exercise every influence in the matter of securing an additional increase for the government building at Gainesville of $100,000.

This information has been received by Benj. F. Hampton, formerly secretary of the Board of Trade, and one of the board's most active members, in reply to resolutions passed by that organization at a recent meeting making the request that the representatives in Washington exercise their influence in the matter of this increased appropriation, and setting forth valid reasons why this increase should be made. Under recent date both Senator Taliaferro and Congressman Davis assured Mr. Hampton that they realize the wisdom of the resolution, and would exercise every influence to bring the matter to the favorable attention of the proper persons, and also to secure the appropriation.

In his letter to Mr. Hampton, Congressman Davis says:

"I have realized all the time that the appropriation was inadequate for a building of the proper proportions for a land office, postoffice, etc. I was disappointed, as you know, in the amount I got in the first instance. I only want to assure you now that I will do everything in my power during the present term of Congress to get that appropriation increased and I wish you would assure our mutual friends in Gainesville that I do intend to do all I can."

## MILL AND FACTORY SALE.

### Hyde's Big Store Will be Scene of Many Bargains in Few Days.

As will be seen by the page announcement elsewhere in this issue, the Mill and Factory Syndicate of New York has again arranged for a grand mill and factory sale at the big store of Geo. W. Hyde, and a glance at the prices will convince those who understand the value of goods that there will be arrayed a feast of bargains at ridiculous prices.

The Mill and Factory Syndicate, of which Shepherd Watson is the manager in this territory, make a business of shipping goods in large quantities to various cities, in connection with the goods carried by regular stores in these cities. These goods come direct from the mills, and are sold to the consumer at about the same price other stores have to pay for them.

The mill and factory sale conducted by Mr. Watson at Hyde's store last year proved a big success, hundreds of purchasers taking advantage of the extraordinary bargains in all lines offered on that occasion. This sale will be identical. It will be astonishing in its bargain-giving and original methods and money-saving opportunities.

Mr. Hyde, who is one of the most progressive, as well as most conservative merchants in the State, authorizes the statement that every article advertised will be guaranteed to be exactly as represented. As an illustration of his sincerity in this matter, he ordered the return of 5,000 yards of calicoes shipped for this sale, to be sold at three cents. "These good did not meet my approval, because I did not consider them of any special value, hence I returned them," he remarked. "I will permit nothing at this sale which will not prove as big a bargain as we advertise."

The sale will begin at 9 o'clock Friday morning, Jan. 6, and will continue for ten days.

### To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

### Noted Evangelist Dead.

Atlanta, Jan. 2.—Rev. J. L. Tillman, a prominent Methodist minister of this city, and father of Rev. Charlie D. Tillman, the well known minister, musician and publisher, after an illness of one week with pneumonia, died Friday morning. The deceased was 76 years of age.

# A RELIABLE MEDICINE.

## A Reporter of The Sun Interviews Our Local Druggist, Mr. W. M. Johnson.

### The Interview of Interest to Every Person in Gainesville.

So many patent medicines and advertised cures are now offered to the public that our readers should be glad to know the opinion of a man who has spent years in handling them, and profit by his advice.

Said Mr. Johnson: "After having sold drugs and all kinds and makes of medicines for so many years, naturally we have learned something about them, their value and power to cure.

"There is no medicine that will cure everything, but this I do know, that if the people of Gainesville only realized the wonderful curative and strength-creating power of Vinol, I would not have clerks enough in my store to put up the orders for it."

Continued Mr. Johnson: "You see Vinol is not a patent medicine, and it actually does contain every one of the fifty odd medicinal curatives taken from fresh cods' livers, with other vitalizing ingredients. It contains no poisonous drugs or nauseating oil, and you know just what you are taking. Vinol has wonderful life-giving properties; it tones up and invigorates every organ of the body to do its work, and we know it will make rich, red blood, build up the depleted system and create strength.

"When I tell you that we have never sold in our store such a valuable remedy as Vinol for the following ailments, and that if it fails to accomplish what we say it will, we will refund your money, it will show our faith in its wonderful curative and vitalizing opwers.

"It will build up run-down, tired, debilitated people. It will make the weak and sickly strong and well. It will make flesh for thin people. It will increase the appetite. It will cure nervousness, irritability and sleeplessness. It will cure stomach troubles, dyspepsia and indigestion. It will make rich, red blood. It will make weak, puny, ailing children strong and robust. It is the greatest strengthener for weak women. It is a boon to nursing mothers. It will positively cure chronic coughs and colds. It will cure bronchitis. It makes weak lungs strong and is of untold value in consumption and all wasting diseases. For the convalescent it has no equal as a strength maker.

"I cannot make a stronger statement, and can only ask such people in Gainesville to try Vinol on my guarantee. W. M. Johnson, Druggist.

### A Friend in Need.

Do you know of anyone suffering with consumption? Then tell them without delay that Dr. Boschee's German Syrup will cure them—and you will be a friend in need. German Syrup is a reliable specific for the cure of consumption. It has been making marvelous cures of consumption throughout the world for forty years. Croup, coughs, colds, bronchitis and all throat and lung troubles are speedily cured by German Syrup. Trial bottle, 25c. Big bottle, 75c. At W. M. Johnson's.

### A Double Wedding.

East Gainesville was the scene of a double wedding Saturday evening, the scene of the occasion being the home of Mr. and Mrs. Riles, the contracting parties George Kean and Miss Ellen Hayes and Jack Long and Miss Jessie Johnson, and the officiating officer Justice Geo. M. Colman. Miss Hayes, the charming bride of Mr. Kean, has made her home at Ward City, Bradford county.

There were no formal frills and wedding presents and suppers upon this occasion, but everybody was satisfied. Justice Colman wore his long black coat and tan shoes, and looked the very image of a dignified circuit rider, who are among the best people in the world. He performed the ceremonies which gave the contracting parties the right to eat the same breakfast food and stand the same responsibilities therefrom, with great pomp, and altogether the affair was one highly enjoyed.

The contracting parties are popular young people among those who know them.

## THE EYES.

### Their Defects and Their Relation to Human Ills.

BY DR. G. GOLDSTEIN.

Few people know the capacity of defective eyes to disturb the equilibrium of the nervous system, and it is the purpose of this article to give information in a simple, practical manner, in the hope that general good may come of it.

The eye is designed by nature to act as a perfect camera. All objects seen are first accurately focused upon the back of the eye by means of the lense and fluid contents of the eyeball, and then telegraphed to the brain by means of the optic nerve.

The normal eye in looking at objects at a distance of twenty feet or more from the eye, is absolutely at rest. But in order to see closer than twenty feet the "focusing muscle" is called into play and increasing the thickness of the lense, vision remains clear at all distances. As age advances, this "power of accumulation of vision" becomes gradually lost, and thus it is that even the normal eye requires glasses for near vision when the sight begins to fail, usually about the age of forty or forty-five.

"Hypermetropia," or far-sightedness, is one of the most prevalent of the defects of the eyes, and the most common cause of sick headache, a frequent cause of St. Vitus dance, and epilepsy, and an important factor in most types of nervous debility and exhaustion. These statements may seem startling, but they are supported by positive, clinical facts, and I shall endeavor to show why this is the case.

The "far-sighted eye" is like an afflicted ball, and in order to see clearly the focusing muscle is never passive. Such an eye is never at rest. It is always straining, more or less intently to bring upon the retina, clear and distinct images of the objects seen. Far-sighted people as a rule have remarkable acute vision for distant objects, yet they suffer from headache, nervousness, indigestion, constipation and derangements of almost all the organs of the body. Their eyes are inflamed and painful and they suffer from very little use.

All of the organs of the body are operated by means of "nerve force," and it has been carefully estimated that the natural eye requires one-tenth of the entire nerve force of the body. For every unit of "far-sightedness" (hypermetropia) we estimate that the nerve force used in running the body is increased 23 per cent daily.

With these facts in mind let us go one step further:

Any excess of nervous expenditure to the organ over the normal amount which should be furnished is incurred at the expense of the others sooner or later.

Thus a "far-sighted" eye is constantly using force which by right belongs to other organs and sooner or later other organs must suffer.

Constant irritation from the strain necessary in a far-sighted eye, will often bring on a spasm of the focusing muscles, and necessarily the muscles which draw the eyes inward, as they are controlled by the same nerve.

A test of these muscles will then show that the eyes are turning in, which indicates an irritated state of the nervous system. There will be headache, pain in the eyes, and constipation, which shows the close relation between the organs. This may continue for weeks, months or years, but finally the nervous system must become exhausted, and the muscle test shows that the eyes turn out. Then, as a rule, there is diarrhœa or sometimes diarrhœa and constipation, alternating according to the state of irritation, over-exhaustion of the eyes and nervous system.

These facts are at variance with many of the oldest "authorities," but but ten years in perfecting the "fogging system" have proved them beyond a doubt. Thus it is easily demonstrated how closely allied are all the organs by the nervous system, and why it is so necessary in helping the eyes, to understand "the eyes, their defects, and their relation to human ills."

### Cotton Ginned to December 13.

Washington, Jan. 2.—The final bulletin issued today places the number of bales at 11,747,403 square; 276,692 round, and 85,728 sea island.

**You want a medicine the doctors approve**

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this. J. C. Ayer Co., Lowell, Mass.

# NEW BOARD WILL CONVENE TODAY

## Old Board Commissioners Retired After Term Faithful Work.

### COUNTY IS OUT OF DEBT

Notwithstanding the Many Improvements Which Have Been Made During This Administration—Other Officers Entered Their Duties.

After a faithful service of two years to the people of Alachua county, the Board of County Commissioners met Monday for the last time, and after placing the affairs of the office in the proper shape to be transferred intelligently, adjourned sine die.

There were present at this meeting a full board, comprising Dr. T. F. Thomas, chairman; Thad C. Bryant of Yular, E. L. Johnson of Hawthorn, P. G. Ramsey of Wacahoota and John G. Dampier of Hague. When the meeting was called to order Chairman Thomas stated that it was not for the purpose of transacting the regular business, but for the purpose of settling up the old affairs and the getting of all papers and other documents in proper condition to transfer.

After a session lasting something over an hour the old board adjourned, and the new commissioners will be installed today. Commissioner Osteen has not yet received his commission, but anticipates no unpleasantness or opposition in taking his seat.

The new board will consist of an entire change, with the exception of Commissioner Dampier of the Hague district, who was re-elected. Other members of the old board declined to run again. The board will comprise C. C. Pedrick of the Gainesville district, J. G. Osteen of Trenton district, Phal. Paulling of Micanopy district, J. F. Townsend of Hawthorn district and John G. Dampier of Hague district. All are gentlemen of fine records for the progress of the county. They are all in favor of good roads, with the result that we may expect some road building in the coming jurisdiction.

The retiring board have performed some excellent work and deserve to be congratulated. They have been alert in everything for the welfare of the county, and a few months ago began the construction of roads. They left the finances of the county in excellent condition, which will give the coming board funds upon which to work.

While the new board of commissioners will not take their seats until today, on Monday the county officers-elect assumed their respective positions. The only officers newly elected, however, were Dr. J. L. Kelley, county superintendent of schools, who succeeds Hon. Wm. M. Holloway, State superintendent-elect, and S. H. Wienges, who succeeds Captain H. C. Denton as clerk of the court. After twelve years of faithful and efficient service Captain Denton again declined to enter the race, and Mr. Wienges, his efficient and faithful deputy, was elected. The affairs of both the offices of county superintendent and clerk are in good hands, and there is no doubt but that the newly elected officers will make splendid records. Dr. Kelley has been for some time a member of the school board, and is regarded as one of the most efficient managers and financiers in the county. The new board will meet for the first time today, if the commissions are received in time. The new board will be same as last year, with the exception of W. J. Martin, who was elected to succeed Dr. J. L. Kelley. The new board for the coming term will be Dr. J. L. Kelley, superintendent and secretary; R. B. Weeks of Hawthorn, T. A. Doke of Monteocha and W. J. Martin of Fannin.

# Don't Jump

**to conclusions and think, because you have suffered so long from chronic PAIN, that it is incurable. Whether you call it rheumatism, neuralgia, backache, earache, toothache, headache, a sprain, indigestion or some internal trouble, of which you don't rightly know the nature, the surest and best reliable relief and cure is HAMLINS WIZARD OIL.**

**This medicine acts directly upon the nerves and blood vessels in such a way as to relieve inflammation, reduce swellings, and drive out the exact cause of trouble to which the pain is due. Price 50 cents and $1.00. Fully guaranteed.**

**For sale and recommended by**

ALL DRUGGISTS.

### If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### PROMINENT VISITOR HERE.

Superintendent Mattair of Nassau County Visited Old Freinds.

Among the prominent visitors to this city Sunday and Monday was Hon. H. L. Mattair of Fernandina, superintendent of public instruction for Nassau county. Mr. Mattair is an old friend of A. J. DaCosta, and these gentlemen spent a pleasant time talking over old times together. He was, during the Civil War, a resident of Waldo, and knows personally a great many of the older inhabitants here.

Mr. Mattair, leaving Alachua, took up his home in Nassau county directly after the war, where he has since resided. By his affable, clever manner, he became quite popular and somewhat of a weilding power in that county with the result that several years ago he was elected county school superintendent, which honored and responsible position he has since held, having been re-elected at the last general election. He states that the schools of his county, of which there are forty-two white and seventeen colored, are prospering, the only trouble being the scarcity of teachers.

### Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now.—GEO. W. EMORY, Rock Mills, Ala. For sale by all druggists.

### Bids Wanted.

At the next regular meeting of the Board of County Commissioners, to be held on Tuesday, January 3rd, 1905, bids will be received for hire of county convicts for ensuing year. All bids should be sealed and addressed to H. C. Denton, County Clerk, from whom any desired information can be obtained. The right to reject any and all bids is reserved.

T. F. THOMAS, Chn. Bd. Co. Com.
Attest: H. C. DENTON, Clerk.

### TO CURE ANY DISEASE.

**The Cause Must be Removed, Same Way With Dandruff.**

Kill the germ that causes dandruff, failing hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

**J. S. Bodiford & Co., Special Agents**

# WINCHESTER

FACTORY LOADED SMOKELESS POWDER SHOTGUN SHELLS

Good shells in your gun mean a good bag in the field or a good score at the trap. Winchester "Leader" and "Repeater" Smokeless Powder Shells are good shells. Always sure-fire, always giving an even spread of shot and good penetration, their great superiority is testified to by sportsmen who use Winchester Factory Loaded Shells in preference to any other make.

ALL DEALERS KEEP THEM

### Pleasant New Year Party.

Miss Katherine Richards, at the beautiful home of her parents, Dr. and Mrs. B. P. Richards, tendered a New Year or Ghost party to about thirty of her young friends Saturday evening. The purpose was to watch the old year out and the new year in, and those present felt sorry when the hour arrived to do the bidding.

It is said by those present that there was "a ghost or two about," but the presence of these "ghosts" did not seem to interfere with the pleasure of the evening.

Delicious refreshments were served, everybody had a good time, and Miss Richards added another laurel to her reputation as a clever hostess.

### Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

### IMPORTANT NOTICE.

**This Directly Concerns Every Patron of the Electric Light Co.**

Having run our electric plant for one year, we find it absolutely necessary to make a change from all flat rate prices to an entire meter system. During the months of January and February we will install an electric meter in all consumers' places of business and residences using electric current, prices to be as follows:

Under 50,000 Watts, 15 cents per 1,000 Watts. Over 50 000 Watts, 12 cents per 1,000 Watts. Minimum price, $1.00 per month.

All electric light customers will please take notice of this important change and be governed accordingly.

Respectfully,
GAINESVILLE GAS & E... Co.

### Rev. Carlisle P. S. Martin, D.D.,

Of Waverley, Texas, writes: "Every morning, when first arising, I am troubled with a troublesome collection of phlegm, which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

# BIG AUCTION SALE OF TOWN LOTS

The tract of land lying in the northwest part of Gainesville, situated in the southeast corner of the property formerly owned by DaCosta, on the hard road to North Gainesville, and one block south of Steenburg's old home, will be cut into good-sized residence lots and sold AT AUCTION on easy payments on

## Thursday, January 5, 1905, at 9:30 a. m.

**THE TERMS WILL BE EASY.** Only one-fourth cash, and the balance in nine monthly payments with interest at the rate of 8 per ct. per annum.

## ONE LOT WILL BE GIVEN AWAY FREE!

And everyone who attends the sale will receive a chance on it, whether or not they bid or buy. FREE CARRIAGES TO THE SALE Carriages will leave the Brown House promptly at 9:00 a. m. on the morning of the sale, and will carry everyone who wishes to go, free of charge. *Everybody invited to take the ride.* Gainesville is growing every day and property is increasing in value each day, and this property in particular is so situated that it is bound to increase as soon as it is divided and sold.

**Remember the Day and Date: Thursday, January 5, 1905, at 9:30 a. m., and be on hand.**

# The Daily Sun

Entered at the Post Office at Gainesville, Fla., as second-class mail matter.

H. H. McCREARY, Editor and Publisher.
J. A. CARLISLE Associate Editor

JESSE E. BURTZ, City Editor.

OFFICE: PORTER BLOCK.
205 W. MAIN STREET, S. TELEPHONE 43-2

THE DAILY SUN published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Rev. Charles Wagner and Tom Lawson are among the literary antipodes who believe in the "power of the press."

"The sleeve," exclaims a fashion article, "is the thing," forgetting that what a man has up it is really that which counts.

We all believe in inter-molecular space; in the infinite devisibility of matters and in the simple life, but we make no claim to understanding them.

The bankers anent Mrs. Chadwick: "Who would believe when in deceiving lies the dear charm of life's delightful dream. We cannot spare the luxury of believing that all things beautiful are what they seem."

Representative Merrell has introduced a bill for the re-establishment of the army canteen. This matter is one not of prohibition, but of temperance, and should be regulated by common sense and not by sentiment merely."

A newspaper writer interested in the welfare of us all declares that the ordinary siphon is potentially more dangerous than the bomb which killed von Phleve. The Kentucky way of taking it straight may be the safest after all.

"Herodotus was the Father of History," said a prominent Washington clergyman at a dinner last week, "and George Washington was the father of his country, but, upon my soul, I am tired of the posing of Roosevelt as the father of us all."

"Millionaire Household" is the title of one of the best selling books of the winter. Full instructions for maintaining in proper and becoming fashion a millionaire household abound on every page and are eagerly read by stenographers and salesgirls on their way to work.

The Baltimore and Ohio Railroad Company advertises an intention to furnish on its dining cars running from New York to Washington the best dollar dinner to be had in the United States. The waiters are to be heard from, though, before one can foot up the bill.

In the countries of Europe during 1899, 969 children to each 100,000 persons were entertained in the municipal holiday colonies, and given the benefit of healthful outdoor life during periods ranging from three days to as many months. This is a charity that appeals to everyone and appears to have advantages over the giving of evening gowns to the washerwoman and opera hats to the ashman because it's Christmas.

President Roosevelt's suggestion in his annual message to Congress that wife beaters should be punished by flogging meets with general approval. The numerous advantages of administering corporal punishment are as speedily recognized now as they were by the old woman who in the case of her drunken husband was advised to heap coals of fire on his head. "Faith," she said, "and do you think that would do good. I have already tried hot water."

## A SYMPHONY IN GRAY.

In the 1905 calendar of N. W. Ayer & Son, the Philadelphia advertising agents, is worked out a color scheme in grays and white so harmonious as to merit the above title.

On the background of gun metal gray cover paper is developed in lighter tones their well known medal trademark and motto, "Keeping everlastingly at it brings success;" the latter being the predominant feature of the design.

The calendar is a large one, fourteen by twenty-eight inches and designed for office or library. The figures are large and, being printed in white, stand out clearly across a large room.

Whether the popularity of Ayer & Son's calendars is due to the uniformly tasteful design, to their utility, or to the epigrams on advertising and business-building which fills the blanks left on the flaps, it is hard to say, but they have enjoyed a steady sale for years at twenty-five cents each; for this sum, which barely covers cost and postage, the 1905 edition may be had as long as it lasts.

## COTTON PICKING MACHINE.

A dispatch from Shreveport, La., says:

"Four hundred leading planters, merchants, bankers and buyers took a special train for Foster's plantation to see the Lowry auto cotton picker at work. It was a sceptical crowd, but returned to Shreveport both surprised and pleased.

"Five green negro cotton pickers were seated on the machine and with the patent arm attachments each negro picked five to seven times what he is able to pick with his unaided hands.

"The machine was unanimously indorsed as meaning as much to the planter as the Whitney cotton gin. A big crowd of negroes were present to see the machine that takes their job away."

Much as opinions may differ regarding the advisability of further increases in the United States navy, probably few people appreciate the true reason why the recommendations of expert naval officers are rejected when new vessels are authorized and plans for battleships which the naval experts regard as of proper size are rejected and those of smaller ships authorized. At the head of the Senate Committee on Naval Affairs sits the most determined and in some instances the most potent of senators. He is Mr. Eugene Hale of Maine. Unfortunately for the navy there are two ship yards in Maine, and still more unfortunately they cannot build large battleships. Therefore, each Congress must always provide for a few small ships for the construction of which these small ship yards can compete, in so far as there is any competition among the builders of battleships, despite the recommendations of the naval experts and their insistence that there is no room for the small battleship in modern warfare.

### Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

### Bound Over Under Charges.

Gainesville, Ga., Jan. 2.—Jerry Patterson and Charley Holland, implicated in the shooting at Oakwood Monday night, in which Jess Wofford lost his life, and Bob Puckett was seriously wounded, were given a trial here Friday. Patterson was bound over for assault with intent to murder, under a $500 bond; Holland was bound over for assault and battery under a $150 bond.

Seldom has a more deplorable spectacle been presented to the American people than that exhibited by the great State of New York which will next month have foisted upon it as United States senator either the representative of the New York Central Railroad, Chauncy M. Depew, who has for six years played the "me too" part to "Tom" Platt, the "easy boss," as perfectly as Mr. Platt formerly played it to Rosco Conklin, or the creature of Governor Benjamine P. Odell, whose administration has been a stench in the nostrils of New Yorker's to such an extent that Mr. Odell's candidate for governor ran 50,000 votes behind his ticket and would have inevitably been defeated but for the great Roosevelt land slide. With such men sent to the Senate from the greatest State in the Union it is surprising that the Senate stands in the way of all legislation which might really benefit the people.

### Favors Negro Education.

Jacksonville, Fla., Jan. 2.—One of the most notable addresses delivered at the session of the Southern Educational association was that of Hon. Peter W. Meldrim, of Savannah, Ga., on the "Industrial Education of the Negro." Mr. Meldrim declared himself strongly in favor of giving the negro a good primary education, and also teaching him skill in the use of his hands, affirming that if industrial education was good for the white boys, it was also good for the negro youth from a civic, economic and Christian point of view.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## MARRIAGE OF MISS M'CRAW.

**Well Known Gainesville Lady Weds Prominent Tennessee Gentleman.**

The numerous friends in this city and section of Miss Susie McCraw will no doubt learn of her marriage recently in Tennessee with surprise. Miss McCraw is a sister of Mrs. L. M. Bell, and was for many years a social favorite here. About two years ago she left Gainesville and went to Jacksonville, but later took up her home in Tennessee.

Of this pleasant matrimonial event, The Tipton Record of Covington, Tenn., under date of December 23, 1904, says:

"Mr. Joe T. Holloway and Miss Susie McCraw were united in marriage at the home of the bride, near Braden, Fayette county, Wednesday evening at 4:30 o'clock, the ceremony being performed by the Rev. H. R. Taylor of Stanton. It was a quiet wedding at which only the immediate relatives of the two families and a few friends were in attendance. After the ceremony the bridal party were entertained at supper by Mr. and Mrs. J. W. McCraw in Braden, and on yesterday the hospitable home of Mr. and Mrs. J. B. Pullen in Covington was thrown open to them. The bride is the accomplished daughter of Mrs. Bettie McCraw and the late Jonathan McCraw, and of one of the oldest and best known families in Fayette county, and in winning her heart and hand Mr. Holloway has been fortunate indeed. Mr. Holloway is well known in this county, where he enjoys the friendship of all. He is the son of the late Wm. Holloway, who in his lifetime was one of the prominent farmers of his section, and was during the late war a gallant follower of the 'Wizard of the Saddle.' Mr. and Mrs. Holloway will make their home in Crockett county, which he recently purchased."

The friends of Mrs. Holloway in Alachua caunty extend congratulations, with the wish that she will have a pleasant voyage over the sea of connubial bliss.

## AN IMPRESSIVE FUNCTION.

**The Baker-Evans Nuptials at Island Grove Were Well Attended.**

Island Grove, Dec. 31.—The Methodist church at this place was the scene of a beautiful marriage Wednesday evening, when Mr. H. W. Baker led to the hymenal altar Miss Florrie Evans, the accomplished daughter of Mr. and Mrs. Wm. Evans.

The church had been most beautifully and artistically decorated for the occasion, being a perfect bower of roses, holly and palms.

Long before the appointed hour the church was crowded to its fullest capacity.

Mrs. Wm. Crosby presided at the organ, and promptly at 8 o'clock the bridal party entered, marching to the sweet strains of the wedding march. The party was led by Mr. W. J. Evans and Miss Bessie Baker, followed by Mr. Frank Baker and Miss Annie Price. The party very gracefully marched up the aisle and formed a semi-circle, the bride and groom standing in the center under a beautiful arch of evergreens and roses. The picture was a most pleasing one; the background of evergreens and the bright young faces and beautiful dreeses upon which the lights cast their brilliant rays, all conspired to form a picture long to be remembered by those who were present.

The ceremony was a most impressive one, being conducted by Rev. M. T. Bell, former pastor of the church at this place.

After the ceremony the bridal party, together with the families and friends, repaired to the home of the bride's parents, where, after congratulations had been showered upon the happy pair, a sumptuous repast was spread.

The bride is an accomplished young lady, and Mr. Baker is to be congratulated upon his success in securing such a prize.

The groom is a prosperous young trucker of this place.

They were the recipients of many useful and costly presents.

May their lives be one long continuous flow of success and happiness, is the wish of their numerous friends.

### Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

## THE NEWS FROM REX.

**Death of a Good Lady—Rumor of a Marriage—Other Notes.**

Rex, Jan. 2.—J. C. Baxley and family have moved from our little burg to Orange Lane.

Robt. L. Townsend of Valdosta, Ga., has been visiting relatives here the past few days.

Mr. and Mrs. S. T. Cooksey and baby of Monticello have been the guests of the latter's parents this week.

Walter Craber, accompanied by his wife and children from White Springs, have been spending Christmas with Mr. and Mrs. T. R. Waits, but returned last Wednesday.

Miss Mattie Ormand has returned from Middleburg, where she completed a five months' term of school. She leaves Sunday for Island Grove, where she will assist Prof. S. E. McIntosh in the high school there.

Miss Maude Teeter, after spending the holidays with her friends here, returned to Ft. Pierce, where she is teaching.

On the 19th of this month Mrs. N. Townsend was laid to rest in the family cemetery near here. She had been sick four weeks, in which everything that loving hands could do was done, but to no avail. She was in her seventy-third year, and leaves behind her two daughters, Mrs. R. R. Ormand and Mrs. M. V. Stegall, and seven sons, R. L. Townsend of Valdosta, Ga.; A. B. and T. J. Townsend, of Wauchula; J. L. Townsend of Rex; J. F. and C. C. Townsend, of Campville, and J. N. Townsend of Center.

A report reached this city yesterday to the effect that Prof. J. A. Ormand of Windsor and Miss Vida Sherouse of Bloomsdale were married. If it be true the writer wishes them many years of wedded bliss.

J. Lem Waits of White Springs, after a pleasant stay with his parents, returned last Wednesday.

# Prevent

**As Well As Cure**

# Headache

If subject to headache, take Dr. Miles' Anti-Pain Pills when you feel the first indication of an attack, and you will find that they rarely ever fail to stop further progress.

Pain weakens the nerves, and the longer you suffer, the more frequent will be the attacks.

On the contrary, if the nerves are relieved of this weakening influence, the attacks will be less frequent, and finally disappear altogether.

Dr. Miles' Anti-Pain Pills contain no opium, cocaine, morphine or chloral in any form. They are absolutely harmless if taken as directed, and will have no other effect, except to drive out the pain.

"Dr. Miles' Anti-Pain Pills are all right, and I can recommend them to any one in need of a remedy for headache, neuralgia or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from that trouble as I used to. They never fail to give relief in a few minutes, and if taken promptly on the approach of headache will prevent an attack from coming on. Pain Pills prevent, as well as cure."

MRS. WM. PEDRICK, Gloversville, N. Y.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

Miles Medical Co., Elkhart, Ind

### Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

### New Comet Is Discovered.

Washington, Jan. 2.—The naval observer here was notified last night by cable from Kiel, Germany, of the discovery of a comet by Boreely, of Marseilles, right ascension, 1 hour, 14 minutes, south declination, 10 hours, no minutes. This comet was immediately looked up and observed by Messrs. Hammond and Wright of the naval observatory staff. Observations will be continued on every clear night.

### Spoiled Her Beauty.

Harriet Howard of 309 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

## THE METER SYSTEM.

**Manager Doig Will Place All Users of Electricity on This System.**

As will be seen by announcement elsewhere in this paper, Manager Doig of the Gainesville Gas and Electric Light Company has decided to place all users of electricity on the meter system, and so notifies the public.

"There is no reason why a consumer of electric illumination should not be placed upon a meter system as well as those who consume gas," remarked Manager Doig, in speaking of the matter Monday. "I do not believe any conservative consumer will object to this, and, to be frank, the fellow who would 'kick' is mighty likely to be a fellow who would abuse the privilege of his blanket rate. Since we installed the day electric service in this city I believe—in fact I know—that some consumers use the lights a great deal in the day time. Understand, I do not mean to say that they think they are doing an unfair thing, but they do not stop to consider that their rate provides only for night. It costs money to make electricity, which is on the same principle of gas, with the result that we have found it necessary to place the entire business on a meter system.

"This system is as fair for the consumer as for the company. If they will exercise care in burning lights, and not use them unnecessarily, I would not be surprised if they could not light considerably cheaper. We will be satisfied, as we need the power, since the day service has been inaugurated."

Gainesville should and does feel proud of her magnificent lighting plant, which is without doubt one of the finest of its size in the South, well managed by competent forces. It is certainly a compliment to the management, when it is learned that during the entire year just closed the lights were only out ten minutes. This is a record of which any company of the kind should feel proud.

GAINESVILLE'S FAVORITE RESORT.

## Alachua Pool Parlors,

C. Bures, Proprietor.

Located in the Porter Block, south side square. Three first-class tables. Good lights, and prompt and courteous service. The public is cordially invited and always welcome.

## THE HAMPTONS MOVED.

Will Make Future Home in Jacksonville, But Will Work for Gainesville.

After a residence in this city of many years, B. F. Hampton and family departed Monday for Jacksonville, where they will in future reside, Mr. Hampton having associated himself with Phillip Miller and others in the real estate business. He was always foremost in any endeavor to build up the city, and much of the progress of the town is due to his efforts.

Friends will be glad to know, however, that he does not intend to abandon Gainesville altogether, but that he will spend a great deal of his time here. The progressive-loving people cannot afford to lose him, and he has promised that one of his objects in removing to that city is to come more in touch with the people who are looking for homes in Florida, to bring or induce them to come this way.

"Everybody knows that Jacksonville is the gateway to Florida," remarked Mr. Hampton. "A school-boy can look at the map and tell that. My object in going to Jacksonville is not because I love the city porticularly, but to meet some of the thousands of people from every section of the United States looking for homes. I believe conscientiously that Alachua county is the finest county in the State, and I am going to do my best to bring Alachua's proportion of home-seekers and settle them here.

"Don't think I have gone back on Gainesville," concluded Mr. Hampton. "I want to tell you now that I believe Gainesville is on the verge of a solid boom which will put the whole country to thinking, and I'm going to try and help bring it about."

Mr. and Mrs. Hampton departed on the noon train, but assured friends that they would see them often.

### Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

## A VICTIM OF FLAMES.

Attempting to Rescue Children Woman Is Fatally Burned.

Norfolk, Neb., Jan. 2.—In a fire near Elgin today which threatened the destruction of her home and the lives of her children, Mrs. Joseph Reuss was so seriously burned that she died shortly afterward.

Mrs. Reuss' clothes caught fire and she jumped into a tank of water, quenching the flames which enveloped her, but not, however, before her clothing had been burned from her body. She dashed back into the burning house, extinguished the fire and saved her children and soon afterwards died from the effects of the burns she had received.

### Bought Chamberlain's Cough Remedy and Sent it to Friends.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

### Triple Killing at Valdosta.

Valdosta, Ga., Jan. 2.—Supedintendent William Drew, of the Georgia Pine Turpentine company, shot and killed Mattie Law, a notorious woman, at Fargo last night. The woman was drunk and raising a disturbance among the company's workmen. When the superintendent tried to get her to leave she attacked him and was giving him a drubbing when he drew his revolver and fired. She died later on from the wound. The coroner's jury declared the killing justifiable.

At a dance in the Cat Creek district last night Richard Daley and a negro named Mose were killed by shots being fired through a window from the outside. The shooting is said to have been done by envious negroes. The coroner has gone to the scene.

### Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

## PROMINENT ALABAMAN DEAD.

Shot by an Unknown Man With Whom He Quarreled.

Birmingham, Ala., Jan. 2.—J. M. Ellard, a prominent citizen of East Lake, a suburb, is dead as the result of having been shot by unknown parties. The shooting, which is surrounded by much mystery, took place while Ellard was driving from his home at East Lake to the home of his daughter at Delcito.

Upon reaching Dolcite he was found to be wounded in the head, his brain oozing from the wound. He was able to say, however, that he had had a quarrel with a man who had shot him. Then he sank into unconsciousness after which he never revived.

The theory that the shooting was for the purpose of robery is discounted by the fact that Ellard had some money on his person when he reached Dolcite, but his pistol, which he was known to have had in his pocket, was missing.

The coroner is investigating the affair.

### Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.

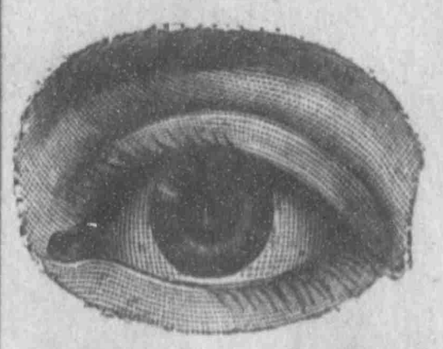
# Last Day

In Gainesville.

Office: Room 29, Brown House Parlors.



It is our specialty to fit glasses in such a manner that they relieve the eye strain perfectly; fitting the eye with ease and comfort, thus preserving the eye. In examining the eye only the latest and most improved methods and instruments are used.

Physicians especially are invited to call and investigate our methods of correcting errors of reffaction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration and the seeming stupidity of children are often due to defective vision caused by an abnormal curvature of the cornea or crystalline lens or to an irregularity of the refracting media of the eye, and are relieved at once upon the application of the proper glasses. Ninety per cent of the people over 40 years of age need glasses, and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve eyesight, but to relieve undue strains—in short to assist nature. Thousands of eyes are ruined yearly. Seven persons out of ten have neither eyes alike, and one out of twenty Astigmatism; hence the necessity of testing each eye separately. Special attention is given to any inequality that may exist between the refraction of the eye.

Optical science has made rapid advances within the last few years; the correct adoption of spectacles has become a distinct profession. The optician who thoroughly understands his business realizes fully that in adjusting glasses for his customers he is treating with a most delicate and precious organ, where the slightest error may result seriously, while if he does his work well he not only gives comfort and ease to his patrons, but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles, nor should it be attempted without the aid of a responsible optician. It is most important that the lenses should be accurately centered and of the best quality and the frames so made that the wearer looks directly through the center. Glasses nicely fitted to the face become an ornament as well as a necessity.

Fitting children with spectacles a specialty.

Parents, do not neglect your children's eyes.

Difficult cases solicited.

All questions in regard to the eyes cheerfully answered.

Consultation and Examination Free.

W. P. Boulware of Orange Heights, W. T. Chesnut of Arredondo and J. B. Jordan of Alachua were in the city yesterday. The latter is a member of the firm of Dell, Jordan & Co., merchants.

Mrs. H. B. Phillips, the amiable wife of H. B. Phillips, the land auctioneer, is here with her husband. Mrs. Phillips was here last year and made many friends who were delighted to see her again.

H. M. Moran of Campville, M. S. Lanier of Newberry, James Bailey of Judson, W. C. Hague of Hague and Chas. W. Wells of Alachua were among those who favored this city with a visit yesterday.

T. Currie Merchant, who is attending Davidson College, Davidson, N. C., has returned to school, after a pleasant visit to his parents, Mr. and Mrs. Geo. S. Merchant, for the holidays. His friends were glad to welcome him again.

W. J. Martin of Fannin, the newly-elected member of the school board, arrived in the city yesterday for the purpose of attending the meeting of the board today. Mr. Martin has not yet received his commission, but expects the same here today.

After spending the holidays in this city as the guest of his parents, Dr. and Mrs. J. S. Bodiford, W. Trueheart Bodiford returned yesterday to Baltimore, where he is attending the Maryland College of Pharmacy. Trueheart's numerous friends were delighted to have him at home during the holidays.

**Insure with Cushman & Hill.**

H. C. Surrency of Graham was trading in the city yesterday.

J. F. Jackson of Bronson was a visitor to this city yesterday.

P. H. Westgaard and daughter, Miss Daisy, have returned from a pleasant visit to Miami.

M. S. Cheves and family have returned from Jacksonville, where they have been on a visit to relatives.

Wanted—Regular boarders at Pearce House. Excellent meals, electric lights. New management. 5t.

Burrell and Jacob Wiggins of Hague, J. A. Maultsby of Campville and Richard Scruggs of Flemington were in the city yesterday. Mr. Scruggs is a merchant of Flemington, and enjoys a fine trade.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by all druggists.

We want 100,000 pounds of scrap iron, 5,000 pounds of scrap brass. Will pay the highest price. Bring us your scrap iron and brass Gainesville Foundry and Machine Works, Gainesville, Fla. d1m

Avery G. Powell of The Sun force returned yesterday from Lake Butler, where he went to arrange for the removal of his family here. His family is expected Thursday, and will reside in the Veitch addition, South Gainesville.

J. E. Hudson of Hampton was in the city Sunday and yesterday. Mr. Hudson formerly resided here, but has been for some time engaged in the manufacture of lumber near Hampton. He reports that he is keeping his plant steadily engaged.

B. M. Heckard of Jacksonville, formerly a resident of this city, was in town yesterday. Mr. Heckard is a practical printer, and said to be one of the best in the State. He is now connected with The Florida Sun of Jacksonville. His friends here were glad to see him again.

The family of H. E. Taylor are now pleasantly domiciled in their elegant new home, corner of East Seminary and Franklin streets, where they will be pleased to receive their friends. This is one of the finest and most modern residences in the city, and friends of Mr. Taylor are congratulating him.

Thad C. Bryant of Yular, member of the retiring Board of County Commissioners and one of the cleverest fellows in the West End, is in the city. He is accompanied by his brother, Jones Bryant, who is manager of the store of W. A. Bryant of Bell. Although a young man, it may be said that Jones is a "Bryant," which means that he is a business man, or has the making of it in him. These gentlemen expert to make their departure for Jacksonville today, where they go on business.

Among the visitors to this city yesterday was O. C. Husband of Melrose, one of the leading and most successful merchants of the East End. Mr. Husband states that trade has been fine in Melrose during the present season. There is any quantity of choice oranges which are bringing good prices, and as a result the orange growers are happy. The farmers have made good crops, plenty for home consumption and plenty to sell. The laborers have earned good salaries and splent their money freely, and altogether the Melrose section is in the best condition it has ever been. While here Mr. Husband was the guest of his friends, Dr. and Mrs. J. H. Alderman.

## READ THIS.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. Bruton,
Pastor Baptist Church, Ripley, Tenn.

### A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

**Insure with Cushman & Hill.**

B. R. Colson has returned from a business trip to Lake City.

Mrs. J. A. Williams of Alachua is spending a short time in the city as the guest of her brother, J. Maxey Dell.

E. H. Yearty of Otter Creek was in the city yesterday. Mr. Yearty is in the employ of M. M. Clyatt, general merchant of that place.

A. W. Leighton, formerly of this city but now residing in Jacksonville, is here on a visit to friends, all of whom are glad to see him.

For Sale—New Wheeler & Wilson sewing machine, f. o. b. factory or Gainesville. Apply at this office or 303 East Liberty street. dwtf

Mr. Wm. S. Crane of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by all druggists.

After a pleasant visit through the holidays to her parents, Hon. and Mrs. H. H. McCreary, Miss Irene McCreary departed yesterday for Lynchburg, Va., where she is attending the Macon-Randolph-Woman's College. Miss McCreary's numerous friends were delighted to welcome her again, and regretted the hour of her departure. They will be glad, however, to learn that she is well pleased with her school.

Among the visitors to this city yesterday was J. A. Rosborough of Windsor, representative-elect from Alachua county to the coming Legislature. Mr. Rosborough states that Windsor is enjoying a prosperous season just now, and that winter visitors are arriving daily. Among the latest arrivals are Mr. and Mrs. VanFossen and son, Harmless, all of Indiana, who have come to enjoy the beautiful climate for the season. There are no less than a half-dozen families recently arrived who have come for the winter, with the result that Windsor will be lively this season.

## Mrs. R. WILSON

A quartet of juvenile hunters comprising Earl Taylor, Fred Hampton and Byrus and Davis Douglass, have returned from a successful hunting expedition of a week in Kincaid Hammock. The party succeeded in bagging 200 doves, twenty-five squirrels and numerous other game.

Manager Phillips of the land auction sale, who will sell on Thursday a number of choice lots, notice of which appears in The Sun, desires to state that this sale will be open to both white and colored people. The property is among the most desirable at present available in the city, and the sale will no doubt prove a big success.

J. G. Osteen of Donnie, who was at the last election honored by his people with the election of county commissioner from that district, arrived in the city yesterday, and will attend the first meeting of the board today. Mr. Osteen, who made The Sun an agreeable call, is one of the most prominent and progressive citizens of the West End, and will no doubt serve his constituents well.

Information reached this city Sunday of the death of T. N. Gardner, which sad event occurred at Palmetto Saturday night of hemorrhagic fever. Deceased was for many years a resident of Gainesville, and has many friends here who will learn of the demise with sorrow and regret. He is survived by a wife and two children, to whom the sympathy of the community is extended.

### Water Notice.

To city water consumers: Your water rent for quarter ending March 31st, 1905, is now due and payable at this office. If not paid on or before January 10th, 1905, your water supply will, without further notice, be discontinued. Fee for turning on again $1. By order of City Council.

J. M. Dell,
City Clerk and Treasurer.
Gainesville, Fla., January 2nd, 1905.

### A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.
